

## **NC7 Compactor/Roller Tires**

The Duratech NC7 is specifically designed for compactors in construction applications. The classical and proven tread design, along with Duratech's strengthened architecture design, offers a balance of great traction, excellent compaction performance and extended wear life.

### **Parts Details Of NC7 Compactor/Roller Tires**

#### **Exceptional traction, flotation and minimized ground pressure**

- The classical and proven tread design offers exceptional traction, flotation and minimized ground pressure.

## Extra load capacity, and the optimized architecture enables better damping and enhanced operator comfort

- The reinforced bead and robust casing bring extra load capacity, and the optimized architecture enables better damping and enhanced operator comfort.

## Distributing the load and minimizing the ground pressure

- The load is evenly distributed and ground pressure is minimized.
